NIGHT ACTIVITY AT 80 NATOMA STREET

Monday, October 26, 2009 – Monday, November 30, 2009

WHAT	Night activity at 80 Natoma Street due to Geotechnical Testing. Activity will make intermittent noise, similar to a truck motor.
WHEN	Monday, October 26th through Monday, November 30th from 8:00pm – 7:00am.
WHERE	80 Natoma Street
IMPACTS	Intermittent noise related to a running motor
SAFETY	Please stay clear of all equipment

The Transbay Joint Powers Authority (TJPA) is conducting geotechnical tests which will include some night time activity beginning Monday, October 26, 2009, and continuing through Monday, November 30, 2009, at 80 Natoma Street.

The geotechnical tests involve intermittently rotating below-grade shaft casings between the hours of 8:00pm and 7:00am, Monday October 26 through Monday November 30.

The noise related to this night activity is similar to the sound of a running truck motor and is not anticipated to cause significant disturbance during these hours.

We appreciate your cooperation and apologize for any temporary inconvenience. For more information, please contact Courtney Lodato or Adam Alberti, Transbay Outreach Team, at (415) 227-9700. For immediate assistance during night time hours, please contact Webcor at 650-533-0892.
